## MAYOR WILL VETO BILL FOR FLUSHER

U. S. WRIGHT DOES NOT APPROVE OF ORDINANCE.

## TO TELL COUNCIL WHY AT MEETING TONIGHT

Appointment of City Clerk for Next 30 Days, Also Will Probably Raise Discussion at Session.

The \$1,575 Studebaker street flusher bought last winter by the city council, then rejected and later bought by the council by a vote of 6 to 2, will probably be the center of a discussion again tonight when council meets in regular session. Mayor U. S. Wright announced this morning that he intended to veto the ordinance to purchase the flusher. The thirty days time in which he has to sign or reject an ordinance passed by the council expires tonight.

So when the ordinance is marked with the word "veto" tonight, it will be up to the leaders on the other side to take some action towards getting their flusher. They may do it by a two-thirds vote, thereby passing the ordinance over the Mayor's head. If the vote goes as it did last June, 6 to 2, then they can do it.

### Mayor to Give Reasons.

Mayor Wright in vetoing the flusher ordinance, will explain to the councilmen tonight, his reasons for so doing. Although he would not disclose the reasons this morning, it is presumed that one will be its cost, and another that the flusher has not proven satisfactory in every respect.

The appointment of a city clerk for at least thirty days, also must come up tonight. It too will bring about some warm discussion no doubt. The majority of the council are opposed to the appointment of Chester Bennett. Mayor Wright announced again today that he would continue to stand for Bennett, regardless of the sentiment of the majority of councilmen.

This true, then there likely will be a break some place. Where it will be, only time will tell. Burt Rowley is the favored one by the opponents to Bennett. McDonald and Peery are for Bennett, the others being on the opposite side.

### May Continue 30 Days.

To save a long legal fight Mayor Wright tonight will probably appoint Bennett, as clerk for another thirty days, which he can do without consent of the council.

The regular monthly business, such as reading of the minutes of the two adjourned meetings and the last regular one and the reception of monthly reports of officials and departments will come up for consideration.

Paving talk will be dispensed with probably this time.

### ANGUS BREEDERS ORGANIZE.

E. F. Caldwell, Burlington Junction, Forms New cattle Association.

The Missouri Aberdeen-Angus Breeders' association, arrangements for which were announced recently, has been formed by E. F. Caldwell of Burlington Junction. About six breeders attended the organization meeting in Burlington Junction recently. Mr. Caldwell is president of the American Aberdeen-Angus association. The officers of the state organization are:

Paul M. Culver, Geyer, president; J. D. Blackwell, Fayette, secretary; W. A. Holt, Savannah, treasurer. A director will be chosen from each congressional district and from this board of directors will be chosen the executive and other committees.

### To Deposit Township Funds.

The township board of Lincoln township will consider bids Thursday, June 24, for a depository of township funds for the ensuing year. There will be in addition to the usual funds, part of the \$25,000 special issue recently made. M. T. Russell is township clerk.

## ACCEPT MARYVILLE NORMAL

Iowa Educational Department Accepted Its Institution Here—Permits Transfer of Teachers.

The state educational department of Iowa has announced that the work of the Maryville State Normal school reaches the required Iowa standard, and that hereafter persons having certificates to teach from the Normal here may secure schools in Iowa without previous credits there. This will affect quite a number of young women who have been attending and are now attending the Normal here.

It is rather queer, however, that the credits of Iowa persons in Normal schools of Iowa are not accepted in Missouri schools.

## LINCOLN GETS NEW CULVERTS

John Clary Builds Seven and is On Two More Through Special Road Bonds Issue.

The construction of new culverts in Lincoln township as a result of the voting of \$25,000 in special road bonds last fall is now well under way by John Clary, supervisor. Most of the improvement work is being confined yet to the southwest part of the township.

A report made this week by Mr. Clary shows that seven culverts have been completed and two more are in course of construction, according to the Elmo Register. Those completed are:

Messbarger's, south of Dawson, 6x3 with a 24-foot roadway.

Yates' corner, west of Dawson, 5-foot arch, 24-foot roadway.

North of W. H. Adkins' 2 1/2-foot arch, 12-inch sidewalks, 2-foot drop, 20-foot roadway.

Near Crowder's corner, 20-foot corrugated pipe, 18 inches in diameter, concrete heads.

West of Race's corner, 2 1/2-foot concrete arch, 18-inch sidewalks, 2-foot drop, 20-foot roadway.

At Dallas Hurst's, 2 1/2-foot arch, 12-inch sidewalks, 2-foot drop, 20-foot roadway.

At Jim Spangler's, 4x4 flat top, 3-foot and 4-foot drops, 20-foot roadway.

Two others are under construction as follows:

South of Hudson's, near Possum Walk, with a 5-foot arch, skew spillway, 3 drops 14 feet from grade, 20-foot roadway.

East of H. M. Severs' corner, 6x4, 3-foot catch basin, 2 drops, 26-foot roadway.

### EFFICIENCY TEAM ON TRIP.

Christian Endeavor Organization Will Do Special Work Sunday.

The "Efficiency Team" of the Christian Endeavor society of the First Christian church will go to Darlington Sunday for the purpose of organizing a society at one of the rural churches. The team is composed of John K. Ross, Edward Gray, William Utter, Miss Mildred Robinson, Miss Hattie Van Buren and John McDougal. The work of the team is to organize new societies, help weak ones, and do general work for the good of the organization, especially among the societies of the rural churches.

Two meetings will be held Sunday. At the afternoon meeting held at three o'clock Edward Gray will make an address on the subject of "Organization and Expert Endeavor Work." The evening meeting will be at seven o'clock and the subject will be "Why I Believe in Christian Endeavor," led by John McDougal.

### On Western Visit.

Miss Ada Morin has gone to Geyer, Mont., where she will visit her brother and his wife, Mr. and Mrs. Ernest Morin.

### Coming to Play Skidmore.

The base ball team of Cornling, Ia., will meet with the Skidmore team at Skidmore Sunday afternoon. Skidmore plays here next Thursday, June 10.

Mr. and Mrs. Guy Blane of Bedford, Ia., left for their home yesterday, after a two weeks' visit in Maryville with friends.

## LOST CLOSE GAME

BARNARD DEFEATED MARYVILLE TEAM 3 TO 1.

## PLAYED FINE; FEW HITS

Local Players Fielded Well, But Visiting Pitcher Was Puzzle—Mayor Starred It.

The Maryville base ball team went down to defeat to Barnard, but did so gloriously and only by the small margin of 1 to 3, at the Normal grounds yesterday afternoon in its initial game of the season. Fully 500 persons, most of them loyal and true, witnessed the exhibition and called it good, despite the result.

The result of the game yesterday brought forth many surprises, chief among them being the unusually splendid playing, fielding and team work shown by the locals, without scarcely any previous practice or training. Their inability to win resulted from disability to hit when hits meant runs, and the fact that Barnard had one of the best pitchers in the county in the box yesterday.

### Mayor Starts It Off.

Mayor Wright pitched the first ball, and ball it was, the umpire, Ed Keck, announced. Nevertheless, without any "warming up" the city executive did well and received the righteous applause of the fans and bugs present.

Hubbell pitched for Barnard and virtually won the game for his town by striking out sixteen batters, but allowed three walks. Four hits, one a two-bagger, were secured off him.

Conley did mighty well as Maryville's pitcher, too, and held the visitors down to six hits and struck out seven men. He allowed one base on balls.

Considering the previous training and practice secured this season and other seasons by the Barnard players, the work of the locals in the first game yesterday was highly pleasing. It might incidentally be mentioned that Barnard recently defeated the All-Stars of Maryville by a score of 10 to 1 at Barnard. The Barnard team will play Burlington Junction at that place Sunday afternoon.

### Palfreyman to Coach.

The Maryville team will play next Thursday afternoon with Skidmore here. Fred Masters, manager of the Skidmore team, who witnessed the game here yesterday warmly commended the local players. Several fans of Burlington Junction also "looked 'em over."

After the game the players met in the Normal gymnasium and unanimously elected George Palfreyman, assistant Normal athletic director, as coach of the Maryville base ball team for the season. The gate receipts yesterday were fine, according to Manager Walter Hanson. Many paid single admissions and a number of season tickets also were sold at the gate.

Neither side secured a run yesterday until the fifth inning, when Sharp, Barnard's left fielder, got a single, went to second on a hit by Badger, went to third on a wild throw from the outfield to third, thereby letting him come home.

### Maryville Scored in Seventh.

Maryville went along scoreless and with only two hits to its credit, one intended sacrifice, until the seventh inning, when Scott got a single, went to second on a walk to Finch, and home on an error by the catcher.

The tie was broken in the eighth inning, when Barnard secured two scores off a three-bagger to left field. Duke was the man who did the trick. The sphere went sailing over the head of Still, letting Sharp, at first on a single, come home, and also Brittain, who made an intended sacrifice but reached first safely. Duke died.

### Locals Make Double Play.

One double play was made in the game, it being in the seventh, when Conley caught a drive by Strader, threw to second, putting out Cundiff, after which the ball was returned to first, killing Strader's chance at getting on. The score:

## ALL STARS LOCATE AGAIN

Federal Players Get Ground West of Normal Park—Start Season Sunday Afternoon.

The All Stars-Federals have lost their lease to part of Harrison's pasture, East First street, on which to play Sunday ball, but they have found another location. This time it is directly west and adjoining the Normal park, west of Maryville. The ground is being rolled and put into shape for the initial game Sunday afternoon. Lumber is being hauled there today with which to erect a grand stand and bleachers, according to Cleve Funk, manager.

The starter will be with the Rapids, an amateur team of St. Joseph, considered a fast one and with some good material in it. The plan to get the Kegan Brothers team from St. Joseph fell through, that team having since contracted to play at Albany Sunday. The game will start at 3:30 o'clock.

It is planned to have buses operated from the square for the benefit of those wishing to attend the game. Women will be admitted free. Manager Funk announced today. The new diamond will be known as Federal park. Arrangements for the new park were completed only yesterday.

It was intended to have the Maryville band play before the game, but on account of the band being engaged for the Woodmen of the World memorial services here Sunday afternoon, no music will be furnished.

The lineup was announced as follows:

Frank Ham, p; Delma Carmichael, c; Harry Tison, 1b; David Seckington, 2b; Homer Scott, 3b; V. W. Conley, ss; Orville Ernst, cf; Brittain, lf; Charles Carmichael, rf.

## TO GIVE POSTPONED PROGRAM.

Hopkins Will Hold Decoration Day Services Monday as Planned for Last Week.

Hopkins will hold Decoration day services next Monday, following out the program planned for last Monday, which was postponed on account of the high water.

The day's program will begin at 9 o'clock with a concert by the Hopkins band. At 10:30 the procession will form and march to the cemetery, where the graves will be decorated with the usual ceremonies of the G. A. R. order.

After dinner the band will give another concert on the street, and at 2 o'clock, headed by the band, the old soldiers and citizens in general will march to the Methodist church, where Prof. J. L. Niernan will deliver the address of the day.

There will also be musical numbers by the orchestra, a recitation by Miss Bertha Cross and several short talks.

## PICK CHAUTAUQUA OFFICIALS.

Skidmore to Hold Outdoor Lyceum July 17-22 Inclusive.

A meeting was held at Skidmore Tuesday night to arrange for the six days Chautauqua to be held there from July 17 to 22 inclusive. Various committees were named for the season. The executive committee consists of:

W. H. Welton, president; C. Wright, first vice president; Fred Barrett, second vice president; J. L. Teson, third vice president; A. L. Oakeson, fourth vice president; H. W. Montgomery, secretary; R. B. Foster, treasurer.

## START WORK ON LIGHT SYSTEM.

Graham Electric Light Service to Be Ready by August 1.

The work of wiring and installing the electric light system at Graham was begun this week by the Mound City Electric Light and Power company, to whom the contract for the work was let several weeks ago.

The work is to be completed and the service ready for use by August 1. A similar contract was let by the people of Skidmore and work there will be begun in a short time.

It takes twenty-one to make one. Guinea day in Maryville, June 16th.

Miss Laura Curfman, Chester Lyle, Ernest Moore, Miss Lou Mutz, Miss Vada Foland and Robert Groppe, delegates from the Maryville chapter, went to Burlington Junction this morning.

The principal part of the program tonight will be an address by Dr. C. O. Kimball of St. Joseph. Talks will be given by the Rev. Tom C. Middleton, pastor of the Methodist church at Burlington Junction, and Miss Mary Barber, who will give the address of welcome. Harry D. Fay of Tarkio will give the response for the visiting delegates, and the concert by the Maryville chapter will make up the program.

Tomorrow an all-day session will be held, opening at 9 o'clock in the morning. The morning session will be devoted to the hearing of reports and the appointment of committees. The afternoon meeting will be given to conferences of departments, interspersed with musical numbers. The feature of the meeting will be an address by a representative of the Kansas City Deaconess Training school.

## INCREASE BANK SURPLUS.

Bank of Skidmore Adds to Fund and Re-Elects Old Officers.

The surplus of the Bank of Skidmore, at Skidmore, was increased from \$20,000 to \$22,000 this year, at the recent annual meeting of the directors. All officers were re-elected. They are: W. R. Linville, president; Aaron Linville, vice president; W. S. Linville, cashier; C. E. Linville, assistant cashier. J. F. Kellogg and G. F. Kellogg are also members of the board of directors.

## WILL NOT OBSERVE 'FOURTH' IN CITY

COMMERCIAL CLUB WOULD LET OTHER TOWNS DO IT.

## LEADERS SAY SMALLER PLACES NEED CHANCE

J. A. Ford and Others Planned to Celebrate Independence Day, But Held Off for Same Reason.

Maryville will have no Fourth of July or Independence celebration this year. That much has been definitely decided by leaders in civic affairs. All agree that this is one time of the year when the smaller towns of the county should be allowed to celebrate without competition from the county seat. July 4 this year falls on Sunday, so any celebrations over the county would probably be held July 3 or July 5.

Most of the smaller towns of the county already are making preparations for such celebrations with the usual ball game, merry-go-round and stands and racks to entertain the patrons.

W. R. Jackson, secretary of the Commercial club, said this morning the club will not undertake to have a celebration July 4, because it was deemed proper to let the smaller towns entertain.

James A. Ford, manager of the Nodaway county fair this year, and who, with others, was planning a two-days' celebration July 5 and 6, announced this morning that they had agreed to pass up such an entertainment for the same reason.

Maryville has not observed the holiday with a celebration for several years.

## POULTRYMEN MEET JUNE 12

Northwest Missouri Association to Pick Officers and Plan for Next Fall's Show.

A meeting of the Northwest Missouri Poultry association will be held in the circuit court room of the courthouse June 12, at 2 o'clock Saturday afternoon, to elect officers for the year and to plan for the sixteenth annual poultry show to be held here next fall. Members and others interested in poultry breeding from all parts of this and adjoining counties are requested to attend.

The present officers are F. P. Robinson, president; Joseph H. Saylor, secretary; Prof. John E. Cameron, treasurer; John S. Gross, superintendent. The president, secretary and superintendent constitute the executive committee.

After the election of officers a discussion of the next annual show will be held. Prizes to be offered, dates for the show and place will be considered and the general affairs of the association attended to. Plans are being made by the association to hold the best and largest fowl show ever next fall.

## Youths to Compete, Too.

More and larger prizes than heretofore are planned, while the entrance of boys and girls in the competition for separate prizes, likewise will attract attention and draw larger exhibits than was here last December. For the fifteenth yearly exhibit. Many women poultry fanciers also are planning to contribute.

E. M. Quay of La Porte, Ind., will again judge the poultry. This association now has a membership of about fifty active poultry breeders in the county. It is steadily increasing in strength.

#### "It Couldn't Be Done."

Somebody said that it couldn't be done. But he, with a chuckle, replied, "That 'maybe it couldn't,' but he would be one."

Who wouldn't say so till he tried. So he buckled right in, with a trace of a grin.

He started to sing as he tackled the thing. That couldn't be done, and he did it.

Somebody scoffed. "Oh, you'll never do that."

At least no one has ever done it. But he took off his coat and he took off his hat.

And the first thing we knew he'd begun it.

With a lift of his chin and a bit of a grin.

Without any doubting or question. He started to sing as he tackled the thing.

That couldn't be done, and he did it. There are thousands to tell you it cannot be done.

There are thousands to prophesy failure.

There are thousands to point out to you, one by one.

The dangers that wait to assail you; But just buckle in with a bit of a grin.

Then take off your coat and go to it; Just start in to sing as you tackle the thing.

That "cannot be done" and you'll do it.

Miss Lyle will spend a few weeks at home and will return to the island in time to take up her work again in September.

#### Controlling Hog Cholera.

The work of hog cholera control was begun by the U. S. department of agriculture with field experiments in three counties in July, 1913. In these three counties 221,682 hogs were raised in 1912, of which 63,078 or 28 per thousand, died of cholera. In 1913 there were 304,514 hogs raised of which 23,522, or 7.6 per thousand, died.

In 1914, there were 359,466 hogs raised, of which 14,953, or 4.16 per thousand, died. The effectiveness of the work is shown by the fact that in three years the death rate was reduced from 28.0 per thousand to 4.16 per thousand, and at the same time the number of hogs raised in the three counties increased 130,000.

#### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed, it has a tendency to close, and when it is closed, the sound is muffled and it is entirely lost. Deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. #### NOTICE TO PAVING CONTRACTORS.

Sealed proposals will be received at the office of the city clerk of the city of Maryville, Missouri, until 7:30 o'clock p. m. June 8, 1915, for the grading, paving, guttering, curbing and otherwise improving the following named streets: Thompson, Mulberry and Twelfth, with bituminous concrete pavement and concrete curbs.

The estimated amount of work to be done on Thompson street is as follows. Excavations, 1,300 cubic yards. Cement curbing, 2,600 lineal feet. Cypress headers, 264 lineal feet. Bituminous concrete paving, 3,940 square yards.

And the estimated amount of work to be done on Mulberry and Twelfth streets is as follows:

Excavation, 1,265 cubic yards. Cement curbing, 2,600 lineal feet. Cypress headers, 240 lineal feet. Bituminous concrete pavement, 3,775 square yards.

A certified check on a Maryville bank for an amount equal to five per cent of the bid, made payable to the city clerk, must accompany the proposal.

Plans and specifications are on file at the offices of the city clerk and the city engineer. Copies of the same and proposal blanks will be furnished to prospective buyers upon application.

F. L. FLYNT,  
City Engineer.

## MONEY PROBLEM IN WESTERN LEAGUE

Players Must Accept Cut in Salaries or Teams Will Suspend.

Chicago, June 4.—Ball players of the Western league must submit to another general reduction of salaries or operations will be suspended for the rest of the season, if the permission of the National Association of Minor Leagues can be gained, according to a statement by Norris L. O'Neill, president of the league.

O'Neill has put the question up to the players, he said.

"Conditions have arisen this spring which make it inevitable that players in our league suffer cuts in their salaries," he said.

**SOCIETY  
AND  
CLUBLAND**  
KATE SCHENCK  
Phone—Office 22 Home 688

**P. E. O. to Meet.**

The usual meeting of the P. E. O. chapter will be held tomorrow night with Miss Mabel Todd, at the Todd home on West Third street.

**W. R. C. to Meet.**

Some important work is to come before the meeting of the Woman's Relief Corps Saturday afternoon and all members are requested to be present promptly at 2.30 in order to transact the business of the afternoon.

**Return from Grand Chapter Meet.**

Mrs. C. C. Corwin and Mrs. John Richey returned at noon today from Brookfield, Mo., where they went to attend the meeting of the grand chapter of the P. E. O. While in Brookfield the delegates were the guests of Mr. and Mrs. Walter Harris.

**Domino Party.**

Prof. and Mrs. Ennis R. Utter entertained with a domino and luncheon last night at their home, on North Market street. Those who enjoyed the pleasure of the evening were Mr. and Mrs. Ellis Cook, Rev. and Mrs. Robert L. Finch and Prof. and Mrs. H. B. Schuler.

**"Parcel Post" Sale.**

A "parcel post" sale is being planned for the near future by the Ladies' Aid society of the First Presbyterian church. The affair is to be a decidedly novel and attractive one. Plans were made for the event at the monthly meeting of the society held yesterday afternoon at the home of Mrs. S. J. Willard.

**Week-End House Party.**

Clyde Adcock and Miss Goldie Adcock entertained guests at a week-end house party at their country home, near Maryville. Those in the party were Mr. and Mrs. A. J. Harris and daughter, Ersel; Miss Ethel Fray of Laura, Mo., and Carl Turpin of Skidmore. Mr. and Mrs. Harris and daughter will leave soon for Idaho to make their home.

**Domino and Luncheon.**

Mrs. Charles D. Koch, Mrs. Hosea Torrance and Miss Martha Koch extended their hospitality to fifty friends yesterday afternoon at a domino and luncheon at the Koch home, on East Fourth street. A wealth of white syringa blossoms were effectively used in carrying out a green and white color plan of decorations. Each game table was centered with a basket of syringas and green vines, and the green and white colors were carried out in the menu served. During the entertaining hours the hostesses were aided by Miss Elizabeth Leet, Miss Mary Wooldridge and little Marian Louise Gann. The game favor was awarded to Mrs. Cleve J. Funk, and the visitors' favor was won by Mrs. Joseph Lou McKee. Among the out-of-town friends present were Mrs. Frances Totterdale and Mrs. J. L. McKee of Pueblo, Col.

**Interesting Meeting.**

The W. F. M. S. of the First Methodist church met yesterday afternoon at the home of Mrs. Truman Lloyd, with Mrs. John Herron, Mrs. J. P. Prige and Mrs. G. A. VanSteenberg assisting hostesses. In the absence of the president, Mrs. O. C. Hanna, Mrs. Milton Rittenour presided. Devotions were led by Mrs. Guy Haller, and the program followed. Mrs. M. D. Kemp gave a report of the district meeting held last week at Worth. One fact brought out in the paper given at the convention by Mrs. Ray Taylor of Tarkio was that if each member of the W. F. M. S. would give 10 cents more, each member of the young people's societies 5 cents, and each of the children's societies a penny extra this year a total of \$2,359.34 would be paid into the general treasury and would do a vast amount of good. Another interesting feature was brought out in the mystery box. That was the story of a young Chinese teacher who was receiving a salary of \$120 per year, and hearing of the American mission boards being unable to keep out of debt and maintain their work on account of the war in Europe, sending \$10 from China to help a little. Two new members were received. They were Mrs. J. E. Oneal and Mrs. Guy Haller. Mrs. W. B. Christy and Mrs. O. C. Hanna were appointed to meet with the newly organized auxiliary at Barnard in their next meeting on June 10. Among the visitors present were Gertrude Garrett and Helen Kemp of the King's Herald band, Mrs. Ida Armstrong, Mrs. S. J. DeArmond, Mrs. Grant Trusty and Mrs. Eldon Lloyd and children.

**Final Club Meeting.**

The closing meeting of the Twentieth Century club prior to the summer's adjournment was held yesterday afternoon at the Elks club. The important work of the afternoon was the hearing of the yearly reports from the

## VON BERNSTORFF TO SEND AGENT

Will Make Plain to Berlin Feeling of United States.

SAFE CONDUCT IS ARRANGED.

President Wilson Drafts Brief and Pointed Reply to Kaiser, Insisting on "Yes" or "No"—Will Be Submitted to Cabinet.

### WAR SUMMARY

Przemysl has been retaken by Austria. Official announcement was made at Vienna that the great Galician fortress, won by the Russians ten weeks ago, after a long struggle, had been recaptured.

The new British minister of munitions, David Lloyd George, has begun his campaign for a vastly greater supply of war material for the British, French and Belgian soldiers in the western war zone. He attributed the German triumph over the Russians to the superior equipment of the German soldiers and the overwhelming superiority of shot and shell and all things necessary for carrying on a successful campaign.

Official announcement was made in London that a British submarine had torpedoed a large German transport in the Sea of Marmora.

Two Italian torpedo boats are said to have sunk two merchant vessels and damaged an Austrian cruiser in the Gulf of Trieste.

Washington, June 4.—President Wilson drafted a note, brief and pointed, to be sent to Germany asking a definite question—whether the imperial German government intends to be guided in the future by humane principles embodied in international law for the conduct of maritime warfare. It will be submitted to the cabinet today and dispatched soon thereafter.

Coincidentally there will start for Berlin a personal emissary of Count von Bernstorff, the German ambassador, to lay before Emperor William and high officials of the German government the substance of what the ambassador learned from President Wilson in his talks the true state of public opinion in the United States toward the German government and the American point of view of submarine warfare.

The ambassador in his interview with the president, it became known, said he would send within a day or two a man of judgment and breadth personally to outline the situation to the German government.

The president made arrangements at Count von Bernstorff's request for the safe conduct of the envoy. His name is not known generally, but foreign governments already have given assurances to the United States that he will not be molested.

Handicap of Censorship. The ambassador is understood to have explained that he has had difficulty on account of cable censors in making his government realize the feeling in the United States and that erroneous reports had reached Germany. President Wilson's emphasis on the fact that the United States would omit no word or act to secure an acquiescence in its position in Lusitania case was described by the ambassador in a memorandum which he has transmitted to his government.

Count von Bernstorff saw Secretary Bryan for a few minutes and is understood to have given him this memorandum to be delivered through Ambassador Gerard to the German foreign office. At the state department the ambassador also learned that arrangements had been made for the safe conduct of his spokesman.

The dispatch of the ambassador's representative will not affect the sending of the American government's rejoinder to the last German note, though it may delay Germany's reply.

### M'ADOO DENIES REPORTS

Says Daughter Did Not Quit Nursing to Avoid Scrubbing Floors.

Washington, June 4.—Secretary of the Treasury McAdoo became incensed at cable reports from Europe that his daughter, Miss Nona McAdoo, has given up her work as a nurse in the American ambulance hospital at Paris because of her dislike for scrubbing floors.

According to dispatches, Miss McAdoo was given little nursing, but a great deal of scrubbing. Accompanied by Miss Katherine Britton of Washington, she went over to nurse.

"This untrue statement," said Mr. McAdoo, "does these young ladies a cruel injustice. My daughter gives up her work and returns to America with great reluctance and only because I feel that she is not equal to the mental and physical strain which nursing entails."

Urged Not to Wear Feathers.

Portland, Ore., June 4.—Mrs. John Dickinson Sherman of Chicago, speaking at the closing session of the mid-annual convention of the General Federation of Women's Clubs here, declared that "just as long as women of the federation wear feathers on their hats they will be open to the charge of inconsistency. Think of the inspiring effect on the women of America if the 2,000,000 women of the federation refused to wear feathers," she said.

## NEWS OF SOCIETY AND WOMEN'S CLUBS

(Continued from page 3.)

various club officers, the reports of the delegates to the recent biennial meeting of the state federation, and the installation of new officers and appointment of committees. The federation meeting reports were given by Mrs. Berney Harris and Mrs. D. J. Thomas, delegates. It was decided to have the state board to meet with the club women in the district convention to be held in this city in October. Other plans for the convention were discussed. Two new members were received. They were Mrs. C. B. Roberts and Miss Lucie Davis. The committees appointed by the president, Mrs. M. G. Tate, were as follows:

Year book—Mrs. E. G. Orear and Mrs. D. J. Thomas.

House—Mrs. T. L. Wadley, Mrs. C. C. Hellmers and Mrs. L. C. Gann.

Membership—Mrs. R. L. McDougal, Mrs. S. G. Gillam and Mrs. Bruce Montgomery.

Flower—Mrs. Arthur Brewer, Mrs. Harry Todd and Miss Orril Helwig.

Publicity, Mrs. Berney Harris, chairman; press, Miss Kate Schenck.

A new committee was created by the president called the "courtesy committee," whose duties are implied in the name and which consists of Mrs. J. C. Allender, Mrs. G. B. Holmes and Mrs. Leslie Dean. Mrs. D. J. Thomas resigned her office as treasurer and Mrs. C. C. Hellmers was chosen to fill the vacancy. Miss Mildred Miller was appointed to fill the office of corresponding secretary made vacant by the resignation of Mrs. Charles Bellows. Miss Mary Hughes, who was elected auditor, will not be in the city next year and resigned the office. Mrs. Harry Todd was chosen for the place. The new officers installed for the coming year are Mrs. M. G. Tate, president; Mrs. S. G. Gillam, first vice president; Mrs. G. B. Holmes, second vice president; Mrs. George Robert Eaton, recording secretary; Miss Mildred Miller, corresponding secretary; Mrs. C. C. Hellmers, treasurer; Miss Kate Schenck, custodian, and Mrs. Harry Todd, auditor. All business matters pertaining to the past year's work were adjusted and the reports given in full by the retiring officers. The reassembling committee appointed by Mrs. Tate is composed of Mrs. J. E. Cameron, Mrs. Anderson Craig, Mrs. G. B. Roseberry, Miss Bertha Beal and Miss Clara Bellows, who will plan for the initial meeting next fall.

**Farewell Dinner Party.** Mr. and Mrs. J. F. Kidd of Bedison were the hosts of a dinner given last night in honor of Mr. and Mrs. Glen Breedlove, who will leave in a few days for White Cloud, Ia., to reside.

Plates were laid for Mr. and Mrs. Breedlove and daughter, Elizabeth Lucille; Mrs. I. W. Anderson and daughter, Iona Marguerite; Misses Ethel, Lottie and Mabel Louise Kidd, and the hosts.

**To Spend Summer.** Orville Daniels, the young son of Mr. and Mrs. Jesse Daniels of Kansas City came to Maryville to spend the summer visiting his grandparents, Mr. and Mrs. L. M. Strader and Mrs. Anna L. Daniels.

## STEEL TRUST WINS IN COURT

Government Loses Suit to Dissolve Great Corporation.

AN INJUNCTION IS REFUSED.

United States District Court at Trenton Holds Foreign Trade of Company Not in Violation of Sherman Law—Price Fixing Ruled Illegal.

Trenton, N. J., June 4.—The decision in the United States Steel corporation suit was filed in the United States district court.

It held that the corporation should not be dissolved. The principal points in the decision are:

It refuses to issue an injunction. It holds the foreign trade of the steel corporation is not a violation of the Sherman law.

It holds certain price fixing agreements which followed the Gary dinners, but which stopped before the bill was filed, to have been unlawful.

It allows the government to move to retain jurisdiction of the bill if such price fixing practices are renewed, but suggests matters may now be controlled by the new trade commission.

The opinions, two in number, are largely a discussion whether the steel corporation monopolized the steel trade or dealt unfairly with competitors or purchasers.

The opinion says all the trust cases thus far determined settle down to this, that only such combinations are within the Sherman act as by reason of intent of those forming them, or the inherent nature of their contemplated act, wrong the public by unduly obstructing the course of trade. It further holds the questions of fact for the court to determine whether, when the bill was filed the steel company was unduly restricting competition or unduly obstructing trade in the home market; whether it was restricting competition or unduly obstructing trade in the foreign market; and lastly, had the steel corporation these objects in view when it was formed in 1902. The opinion holds the proofs show, when the bill was filed, the competitors of the steel company were doing 60 per cent of the country's steel and iron business.

The text of the majority opinion says it is not the size of that which is acquired, but the trade power of that which is not acquired. In the ten years since the steel corporation was formed it has increased its business about 40 per cent. Nine great competing steel companies have increased theirs more, the lowest one 63 per cent, the highest 3,700 per cent.

**Government Will Appeal.** Washington, June 4.—News that the government had lost its dissolution suit against the United States Steel corporation for the moment almost matched the international situation in interest. The suit is regarded as probably the most important anti-trust suit ever brought by the department of justice. Undoubtedly it will be appealed to the supreme court, because the government would be unwilling to leave such questions as were raised unsettled, except by the highest court in the land.

**RIOTING IN TOKYO**  
Violent Disturbances at Mass Meeting Result in Many Arrests.

Tokyo, June 4.—The holding of an anti-government mass meeting in Tokyo resulted in violent disturbances. The situation outside the building where the meeting was being held was the most serious. Many arrests were made and the manifestos issued by the organizers of the meeting were confiscated. Reinforcements of police were sent everywhere in the city.

The resolution introduced in the house of representatives by the opposition, expressing lack of confidence in the present administration, was rejected by a vote of 133 to 232. Extreme disorder marked the session.

**GRAIN AND PROVISIONS**

## DERNBURG WILL RUN VIKING PRESS BUREAU

To Start Pro German Propaganda In Scandinavian Newspapers.

London, June 4.—According to a Berlin telegram, Dr. Dernburg, on his return to Europe from the United States, will be given charge of the press bureau organization for the Scandinavian countries, with headquarters at Copenhagen. A pro-German campaign in the Scandinavian press, the dispatch adds, will then be started with renewed energy.

The announcement made at Washington that the British government, in conjunction with the French and Russian governments, has assured the state department it would give safe conduct to Bernhard Dernburg, former colonial secretary of Germany, when he leaves the United States, was confirmed here, with the additional statement that this arrangement had been made at Dr. Dernburg's wish. The intermediary through whom the request was made has not been disclosed.

**ATTEMPTS POISON BY MAIL**  
Thirteen Prominent Men Receive Deadly Poison in Postal Packages.

Spencer, Ind., June 4.—Owen county was nerve racked as it continued its search for the poisoner who is trying to do wholesale murder and who is using the United States mails as his medium of destruction. Thirteen prominent men, including a county official, six physicians and six men of wealth, have received through the mails samples of quinine containing enough strychnine to kill.

Charles P. Surber, county recorder, first received the poison. Distrusting the package, he had it tested. Before elected recorder he was warned that even though elected he might never hold office.

Some believe the motive behind the poisoner is political, others think he is a maniac.

\$45,000 to Union Academy. Anna, Ill., June 4.—The bequest of Mr. and Mrs. Hugh Lauder of Carbondale, Ill., to Union academy of their 640-acre farm, valued at \$30,000, on condition that \$10,000 additional be raised, has been assured by the announcement of academy officials that \$15,000 has been subscribed.

**PETROGRAD ADMITS LOSS OF PRZEMYSL**

London, June 4.—The retaking of Przemysl by the Austro-German forces, which is admitted in an official communication at Petrograd, which is the result of a full month's desperate fighting over many miles of difficult country, is considered on all sides as one of the great achievements of the war. If full credence is to be placed in the official statements issued of the campaign in the Galicia region from day to day, the casualty list, including killed, wounded and prisoners, must run into the hundreds of thousands. Some of the best of the Austrian and German guns were utilized in the reduction of the fortress.

They have yet to drive the Russians farther back and establish themselves in easily defended positions which will enable them to detach forces for operations against Italy and the allies in the west.

## MAYOR WILL VETO BILL FOR FLUSHER

U. S. WRIGHT DOES NOT APPROVE OF ORDINANCE.

## TO TELL COUNCIL WHY AT MEETING TONIGHT

Appointment of City Clerk for Next 30 Days, Also Will Probably Raise Discussion at Session.

The \$1,575 Studebaker street flusher bought last winter by the city council, then rejected and later bought by the council by a vote of 6 to 2, will probably be the center of a discussion again tonight when council meets in regular session. Mayor U. S. Wright announced this morning that he intended to veto the ordinance to purchase the flusher. The thirty days time in which he has to sign or reject an ordinance passed by the council expires tonight.

So when the ordinance is marked with the word "veto" tonight, it will be up to the leaders on the other side to take some action towards getting their flusher. They may do it by a two-thirds vote, thereby passing the ordinance over the Mayor's head. If the vote goes as it did last June, 6 to 2, then they can do it.

### Mayor to Give Reasons.

Mayor Wright in vetoing the flusher ordinance, will explain to the councilmen tonight, his reasons for so doing. Although he would not disclose the reasons this morning, it is presumed that one will be its cost, and another that the flusher has not proven satisfactory in every respect.

The appointment of a city clerk for at least thirty days, also must come up tonight. It too will bring about some warm discussion no doubt. The majority of the council are opposed to the appointment of Chester Bennett. Mayor Wright announced again today that he would continue to stand for Bennett, regardless of the sentiment of the majority of councilmen.

This true, then there likely will be a break some place. Where it will be, only time will tell. Burt Rowley is the favored one by the opponents to Bennett. McDonald and Peery are for Bennett, the others being on the opposite side.

### May Continue 30 Days.

To save a long legal fight Mayor Wright tonight will probably appoint Bennett, as clerk for another thirty days, which he can do without consent of the council.

The regular monthly business, such as reading of the minutes of the two adjourned meetings and the last regular one and the reception of monthly reports of officials and departments will come up for consideration.

Paving talk will be dispensed with probably this time.

### ANGUS BREEDERS ORGANIZE.

E. F. Caldwell, Burlington Junction, Forms New Cattle Association.

The Missouri Aberdeen-Angus Breeders' association, arrangements for which were announced recently, has been formed by E. F. Caldwell of Burlington Junction. About six breeders attended the organization meeting in Burlington Junction recently. Mr. Caldwell is president of the American Aberdeen-Angus association. The officers of the state organization are:

Paul M. Culver, Gover, president; J. D. Blackwell, Fayette, secretary; W. A. Holt, Savannah, treasurer. A director will be chosen from each congressional district and from this board of directors will be chosen the executive and other committees.

### To Deposit Township Funds.

The township board of Lincoln township will consider bids Thursday, June 24, for a depository of township funds for the ensuing year. There will be in the addition to the usual funds, part of the \$25,000 special issue recently made. M. E. Russell is township clerk.

## ACCEPT MARYVILLE NORMAL

Iowa Educational Department Accredited Institution Here—Permits Transfer of Teachers.

The state educational department of Iowa has announced that the work of the Maryville State Normal school reaches the required Iowa standard, and that hereafter persons having certificates to teach from the Normal here may secure schools in Iowa without previous credits there. This will affect quite a number of young women who have been attending and are now attending the Normal here.

It is rather queer, however, that the credits of Iowa persons in Normal schools of Iowa are not accepted in Missouri schools.

## LINCOLN GETS NEW CULVERTS

John Clary Builts Seven and is On Two More Through Special Road Bonds Issue.

The construction of new culverts in Lincoln township as a result of the voting of \$25,000 in special road bonds last fall is now well under way by John Clary, supervisor. Most of the improvement work is being confined yet to the southwest part of the township.

A report made this week by Mr. Clary shows that seven culverts have been completed and two more are in course of construction, according to the Elmo Register. Those completed are:

Messbarger's, south of Dawson, 6x3 with a 24-foot roadway.

Yates' corner, west of Dawson, 5-foot arch, 24-foot roadway.

North of W. H. Adkins' 2½-foot arch, 12-inch sidewalks, 2-foot drop, 20-foot roadway.

Near Crowder's corner, 20-foot corrugated pipe, 18 inches in diameter, concrete beds.

West of Race's corner, 2½-foot concrete arch, 18-inch sidewalks, 2-foot drop, 20-foot roadway.

At Dallas Hurst's, 2½-foot arch, 12-inch sidewalks, 2-foot drop, 20-foot roadway.

At Jim Spangler's, 4x4 flat top, 3-foot and 4-foot drops, 20-foot roadway.

Two others are under construction as follows:

South of Hudson's, near Possum Walk, with a 5-foot arch, skew spillway, 3 drops 14 feet from grade, 20-foot roadway.

East of H. M. Severs' corner, 6x4, 3-foot catch basin, 2 drops, 26-foot roadway.

### EFFICIENCY TEAM ON TRIP.

Christian Endeavor Organization Will Do Special Work Sunday.

The "Efficiency Team" of the Christian Endeavor society of the First Christian church will go to Darlington Sunday for the purpose of organizing a society at one of the rural churches. The team is composed of John K. Ross, Edward Gray, William Utter, Miss Mildred Robinson, Miss Hattie Van Buren and John McDougal. The work of the team is to organize new societies, help weak ones, and do general work for the good of the organization, especially among the societies of the rural churches.

Two meetings will be held Sunday. At the afternoon meeting held at three o'clock Edward Gray will make an address on the subject of "Organization and Expert Endeavor Work." The evening meeting will be at seven o'clock and the subject will be "Why I Believe in Christian Endeavor," led by John McDougal.

### On Western Visit.

Miss Ada Morin has gone to Geyser, Mont., where she will visit her brother and his wife, Mr. and Mrs. Ernest Morin.

### Coming to Play Skidmore.

The base ball team of Cornish, Ia., will meet with the Skidmore team at Skidmore Sunday afternoon. Skidmore plays here next Thursday, June 10.

Mr. and Mrs. Guy Blane of Bedford, Ia., left for their home yesterday, after a two weeks' visit in Maryville with friends.

## LOST CLOSE GAME

BARNARD DEFEATED MARYVILLE TEAM 3 TO 1.

## PLAYED FINE; FEW HITS

Local Players Fielded Well, But Visiting Pitcher Was Puzzle—Mayor Started It.

The Maryville base ball team went down to defeat to Barnard, but did so gloriously and only by the small margin of 1 to 3, at the Normal grounds yesterday afternoon in its initial game of the season. Fully 500 persons, most of them loyal and true, witnessed the exhibition and called it good, despite the result.

The result of the game yesterday brought forth many surprises, chief among them being the unusually splendid playing, fielding and team work shown by the locals, without scarcely any previous practice or training. Their inability to win resulted from disability to hit when hits meant runs, and the fact that Barnard had one of the best pitchers in the county in the box yesterday.

### Mayor Starts It Off.

Mayor Wright pitched the first ball, and ball it was, the umpire, Ed Keck, announced. Nevertheless, without any "warming up" the city executive did well and received the righteous applause of the fans and bugs present.

Hubbell pitched for Barnard and virtually won the game for his town by striking out sixteen batters, but allowed three walks. Four hits, one a two-bagger, were secured off him.

Conley did mighty well as Maryville's pitcher, too, and held the visitors down to six hits and struck out seven men. He allowed one base on balls.

Considering the previous training and practice secured this season and other seasons by the Barnard players, the work of the locals in the first game yesterday was highly pleasing. It might incidentally be mentioned that Barnard recently defeated the All-Stars of Maryville by a score of 10 to 1 at Barnard. The Barnard team will play Burlington Junction at that place Sunday afternoon.

### Palfreyman to Coach.

The Maryville team will play next Thursday afternoon with Skidmore here. Fred Masters, manager of the Skidmore team, who witnessed the game here yesterday warmly commended the local players. Several fans of Burlington Junction also "looked 'em over."

After the game the players met in the Normal gymnasium and unanimously elected George Palfreyman, assistant Normal athletic director, as coach of the Maryville base ball team for the season. The gate receipts yesterday were fine, according to Manager Walter Hanson. Many paid single admissions and a number of season tickets also were sold at the gate.

Neither side secured a run yesterday until the fifth inning, when Sharp, Barnard's left fielder, got a single, went to second on a hit by Badger, went to third on a wild throw from the outfield to third, thereby letting him come home.

### Maryville Scored in Seventh.

Maryville went along scoreless and with only two hits to its credit, one intended sacrifice, until the seventh inning, when Scott got a single, went to second on a walk to Finch, and home on an error by the catcher.

The tie was broken in the eighth inning, when Barnard secured two scores off a three-bagger to left field. Duke was the man who did the trick. The sphere went sailing over the head of Still, letting Sharp, at first on a single, come home, and also Brittain, who made an intended sacrifice but reached first safely. Duke died.

### Locals Make Double Play.

One double play was made in the game, it being in the seventh, when Conley caught a drive by Strader, threw to second, putting out Cundiff, after which the ball was returned to first, killing Strader's chance at getting on. The score:

## ALL STARS LOCATE AGAIN

Federal Players Get Ground West of Normal Park—Start Season Sunday Afternoon.

The All Stars-Federals have lost their lease to part of Harrison's pasture, East First street, on which to play Sunday ball, but they have found another location. This time it is directly west and adjoining the Normal park, west of Maryville. The ground is being rolled and put into shape for the initial game Sunday afternoon. Lumber is being hauled there today with which to erect a grand stand and bleachers, according to Cleve Funk, manager.

The starter will be with the Rapids, an amateur team of St. Joseph, considered a fast one and with some good material in it. The plan to get the Kegan Brothers team from St. Joseph fell through, that team having since contracted to play at Albany Sunday. The game will start at 3:30 o'clock.

It is planned to have busses operated from the square for the benefit of those wishing to attend the game. Women will be admitted free. Manager Funk announced today. The new diamond will be known as Federal park. Arrangements for the new park were completed only yesterday.

It was intended to have the Maryville band play before the game, but on account of the band being engaged for the Woodmen of the World memorial services here Sunday afternoon, no music will be furnished.

The lineup was announced as follows:

Frank Ham, p; Delma Carmichael, c; Harry Tilson, 1b; David Seckington, 2b; Homer Scott, 3b; V. W. Conley, ss; Orville Ernst, cf; Brittain, lf; Charles Carmichael, rf.

## TO GIVE POSTPONED PROGRAM.

Hopkins Will Hold Decoration Day Services Monday as Planned for Last Week.

Hopkins will hold Decoration day services next Monday, following out the program planned for last Monday, which was postponed on account of the high water.

The day's program will begin at 9 o'clock with a concert by the Hopkins band. At 10:30 the procession will form and march to the cemetery, where the graves will be decorated with the usual ceremonies of the G. A. R. order.

After dinner the band will give another concert on the street, and at 2 o'clock, headed by the band, the old soldiers and citizens in general will march to the Methodist church, where Prof. J. L. Nierman will deliver the address of the day.

There will also be musical numbers by the orchestra, a recitation by Miss Bertha Cross and several short talks.

## PICK CHAUTAUQUA OFFICIALS.

Skidmore to Hold Outdoor Lyceum July 17-22 Inclusive.

A meeting was held at Skidmore Tuesday night to arrange for the six days Chautauqua to be held there from July 17 to 22 inclusive. Various committees were named for the season. The executive committee consists of:

W. H. Welton, president; C. Wright, first vice president; Fred Barrett, second vice president; J. L. Tesch, third vice president; A. L. Oakerson, fourth vice president; H. W. Montgomery, secretary; R. B. Foster, treasurer.

## START WORK ON LIGHT SYSTEM.

Graham Electric Light Service to Be Ready by August 1.

The work of wiring and installing the electric light system at Graham was begun this week by the Mound City Electric Light and Power company, to whom the contract for the work was let several weeks ago.

The work is to be completed and the service ready for use by August 1. A similar contract was let by the people of Skidmore and work there will be begun in a short time.

It takes twenty-one to make one. Guleen day in Maryville, June 16th.

## E. L. DISTRICT MEET OPENS

Maryville Singers to Give Concert Tonight—Dr. Kimball to Make Opening Address.

A party of sixteen from the choir of the First Methodist church will go to Burlington Junction tonight to give a musical program at the annual convention of the Maryville district of the Epworth League of the Methodist church, which opens there tonight. Those going will be Mr. and Mrs. Rolla Alexander, Rev. G. S. Cox, Mrs. Charles Moore, Miss Isora Mutz, Miss Ada Clayton, Miss Nellie Wray, Miss Anice Ingerson, Miss Dale Hulet, Ernest Moore, Albert Berlin, Lester Bennett, John Mutz, Chester Bennett, Ralph Strader, Miss Lucile Airy will be accompanist, and the program will include two anthems, duet, trio and quartet numbers and solos by the Rev. Mr. Cox.

Miss Laura Curfman, Chester Lyle, Ernest Moore, Miss Lou Mutz, Miss Vada Foland and Robert Groppe, delegates from the Maryville chapter, went to Burlington Junction this morning.

The principal part of the program tonight will be an address by Dr. C. O. Kimball of St. Joseph. Talks will be given by the Rev. Tom C. Middleton, pastor of the Methodist church at Burlington Junction, and Miss Mary Barber, who will give the address of welcome. Harry D. Fay of Tarkio will give the response for the visiting delegates, and the concert by the Maryville chapter will make up the program.

Tomorrow an all-day session will be held, opening at 9 o'clock in the morning. The morning session will be devoted to the hearing of reports and the appointment of committees. The afternoon meeting will be given to conferences of departments, interspersed with musical numbers. The feature of the meeting will be an address by a representative of the Kansas City Deacons Training school.

## INCREASE BANK SURPLUS.

Bank of Skidmore Adds to Fund and Re-Elects Old Officers.

The surplus of the Bank of Skidmore, at Skidmore, was increased from \$20,000 to \$22,000 this year, at the recent annual meeting of the directors. All officers were re-elected. They are: W. R. Linville, president; Aaron Linville, vice president; W. S. Linville, cashier; C. E. Linville, assistant cashier. J. F. Kellogg and G. F. Kellogg are also members of the board of directors.

## Hold Funeral Service Sunday.

Funeral services for the infant child of Mr. and Mrs. Jacob Outs, living west of Barnard, who died early this morning, will be held at 10 o'clock Sunday morning at the Pleasant Grove cemetery.

## Youths to Compete, Too.

More and larger prizes than heretofore are planned, while the entrance of boys and girls in the competition for separate prizes, likewise will attract attention and draw larger exhibits than was here last December for the fifteenth yearly exhibit. Many women poultry fanciers also are planning to contribute.

E. M. Quay of La Porte, Ind., will again judge the poultry. The association now has a membership of about fifty active poultry breeders in the county. It is steadily increasing in strength.

## LEADERS SAY SMALLER PLACES NEED CHANCE

J. A. Ford and Others Planned to Celebrate Independence Day, But Held Off for Same Reason.

Maryville will have no Fourth of July or Independence celebration this year. That much has been definitely decided by leaders in civic affairs. All agree that this is one time of the year when the smaller towns of the county should be allowed to celebrate without competition from the county seat. July 4 this year falls on Sunday, so any celebrations over the county would probably be held July 3 or July 5.

Most of the smaller towns of the county already are making preparations for such celebrations with the usual ball game, merry-go-round and stands and racks to entertain the patrons.

W. R. Jackson, secretary of the Commercial club, said this morning the club will not undertake to have a celebration July 4, because it was deemed proper to let the smaller towns entertain.

"It Couldn't Be Done."  
Somebody said that it couldn't be done.  
But he, with a chuckle, replied,  
That "maybe it couldn't," but he would  
be one.

Who wouldn't say so till he tried.

So he buckled right in, with a trace of  
a grin.

He started to sing as he tackled the  
thing.

That couldn't be done, and he did it.  
Somebody scoffed. "Oh, you'll never  
do that."

At least no one has ever done it."  
But he took off his coat and he took  
off his hat.

And the first thing we knew he'd  
begun it.

With a lift of his chin and a bit of a  
grin.

Without any doubting or question,  
He started to sing as he tackled the  
thing.

That couldn't be done, and he did it.  
There are thousands to tell you it  
cannot be done.

There are thousands to prophesy  
failure.

There are thousands to point out to  
you, one by one,

The dangers that wait to assail you;  
But just buckle in with a bit of a grin,  
Then take off your coat and go to it;  
Just start in to sing as you tackle the  
thing.

That "cannot be done" and you'll  
do it.

**BODY TAKEN TO HOPKINS.**  
Services for aged Methodist minister  
conducted by I. O. O. F. Lodge.

The body of the Rev. E. V. Roof, who  
died Wednesday at his home in Parnell,  
was taken to Hopkins at noon today,  
where the burial services were  
conducted at 1 o'clock by the Odd Fel-  
lows lodge of Hopkins. The funeral  
services were held at the Methodist  
church at Parnell yesterday afternoon,  
conducted by the pastor, the Rev. W. E.  
Tinney and Dr. W. B. Christy of  
Maryville.

**To Attend M. C. Commencement.**  
Mrs. B. C. Halley has gone to Colum-  
bia where she will be present at the  
graduation of her daughter Miss Lois  
K. Halley from the Missouri state uni-  
versity. She will remain and accom-  
pany her daughter home.

**Deafness Cannot Be Cured**  
by local applications, as they cannot reach  
the diseased portion of the ear. There is only one  
way to cure deafness, and that is by constitu-  
tional remedies. Deafness is caused by an inflamed  
condition of the mucous lining of the Eustachian  
tube. When this tube is inflamed you have a  
rumbling sound or imperfect hearing, and when  
it is entirely closed deafness is the result, and  
unless the inflammation can be taken out and  
this tube restored to its normal condition, hear-  
ing will be destroyed forever; also cases out of  
ten are caused by catarrh, which is nothing but  
an inflamed condition of the mucous surfaces.  
We will give one hundred dollars for any case  
of deafness (caused by catarrh) that cannot be  
cured by Hall's Catarrh Cure. Send for circular,  
free.

## LAY CAPITOL STONE JUNE 24.

President and Cabinet invited to the  
ceremony—Governor Speaks.

The corner stone of the new state  
house at Jefferson City will be laid on  
June 24.

Invitations were extended by Chair-  
man Stephens on behalf of the com-  
mission to President Wilson and mem-  
bers of his cabinet to attend the cere-  
monies. Addresses will be delivered  
by former Governor Herbert S. Hadley  
of Kansas City, who was chief execu-  
tive when the old capitol was destroyed  
by fire in 1911, and by Governor Major.  
The actual ceremonies of the corner-  
stone laying will be under the auspices  
of the Masonic order and the grand  
master of Missouri will participate  
in conjunction with the Jefferson City  
lodge.

## MRS. M. F. BEAVER DEAD.

Early Resident of Nodaway County  
Passes Away This Morning.

Mrs. M. F. Beaver, the wife of M. F.  
Beaver, proprietor of the Elmo hotel,  
died at 8 o'clock this morning at her  
home. Mrs. Beaver is survived by her  
husband, who is 83 years old, and five  
children. The children are W. E. Bea-  
ver, Mrs. Ida McElvain, Mrs. George  
Claridy, E. E. Beaver and Miss Nettie  
Beaver, all residents of Elmo. Mr. and  
Mrs. Beaver were among the early set-  
tlers of Nodaway and are well known  
throughout the county.

No arrangements have yet been  
made for the funeral.

## IS RE-EMPLOYED IN PORTO RICO.

Miss Floy Lyle Will Sail for Home  
June 19—Will Return in  
September.

Miss Floy Lyle, the daughter of Mr.  
and Mrs. Robert Lyle of this city, who  
is teaching in the government schools  
at Noguabo, Porto Rico, will sail for  
home June 19, coming by the way of  
Havana, Cuba; Key West, Fla., and  
New Orleans. Miss Lyle will spend  
a few weeks at home and will return  
to the island in time to take up her  
work again in September.

## Controlling Hog Cholera.

The work of hog cholera control was  
begun by the U. S. department of agri-  
culture with field experiments in three  
counties in July, 1913. In those three  
counties 221,682 hogs were raised in  
1912, of which 63,078 or 280 per thou-  
sand, died of cholera. In 1913 there  
were 294,514 hogs raised of which 23-  
522, or 76 per thousand, died.  
In 1914, there were 359,466 hogs  
raised, of which 14,953, or 40 per thou-  
sand, died. The effectiveness of the  
work is shown by the fact that in  
three years the death rate was re-  
duced from 280 per thousand to 40  
per thousand, and at the same time  
the number of hogs raised in the three  
counties increased 130,000.

## 23 Sows Farrow 203 Pigs.

G. M. Worth, near Burlington Junc-  
tion, had twenty-three sows which far-  
rowed a total of 203 pigs this season.  
They are of the Chester-White breed.

## MONEY PROBLEM IN WESTERN LEAGUE

Players Must Accept Cut In Sal-  
aries or Teams Will Suspend.

Chicago, June 4.—Ball players of  
the Western league must submit to  
another general reduction of salaries  
or operations will be suspended for  
the rest of the season, if the permis-  
sion of the National Association of  
Minor Leagues can be gained, accord-  
ing to a statement by Norris L.  
O'Neill, president of the league.  
O'Neill has put the question up to  
the players, he said.  
"Conditions have arisen this spring  
which make it inevitable that players  
in our league suffer cuts in their sal-  
aries," he said.  
Owing to cold and rainy weather  
the league now has in the neighbor-  
hood of forty postponed games.

## P. E. O. to Meet.

The usual meeting of the P. E. O. chapter will be held tomorrow night with Miss Mabel Todd, at the Todd home on West Third street.

## W. R. C. to Meet.

Some important work is to come before the meeting of the Woman's Relief Corps Saturday afternoon and all members are requested to be present promptly at 2.30 in order to transact the business of the afternoon.

## Return from Grand Chapter Meet.

Mrs. C. C. Corwin and Mrs. John Richey returned at noon today from Brookfield, Mo., where they went to attend the meeting of the grand chapter of the P. E. O. While in Brookfield the delegates were the guests of Mr. and Mrs. Walter Harris.

## Domino Party.

Prof. and Mrs. Ennis R. Utter entertained with a domino and luncheon last night at their home, on North Market street. Those who enjoyed the pleasure of the evening were Mr. and Mrs. Ellis Cook, Rev. and Mrs. Robert L. Finch and Prof. and Mrs. H. B. Schuler.

## "Parcel Post" Sale.

A "parcel post" sale is being planned for the near future by the Ladies' Aid society of the First Presbyterian church. The affair is to be a decidedly novel and attractive one. Plans were made for the event at the monthly meeting of the society held yesterday afternoon at the home of Mrs. S. J. Willard.

## Week-End House Party.

Clyde Adcock and Miss Goldie Adcock entertained guests at a week-end house party at their country home, near Maryville. Those in the party were Mr. and Mrs. A. J. Harris and daughter, Ersel; Miss Ethel Fray of Laura, Mo., and Carl Turpin of Skidmore. Mr. and Mrs. Harris and daughter will leave soon for Idaho to make their home.

## Domino and Luncheon.

Mrs. Charles D. Koch, Mrs. Hosea Torrance and Miss Martha Koch extended their hospitality to fifty friends yesterday afternoon at a domino and luncheon at the Koch home, on East Fourth street. A wealth of white syringa blossoms were effectively used in carrying out a green and white color plan of decorations. Each game table was centered with a basket of syringas and green vines, and the green and white colors were carried out in the menu served. During the entertaining hours the hostesses were aided by Miss Elizabeth Leet, Miss Mary Wooldridge and little Marian Louise Gann. The game favor was awarded to Mrs. Cleve J. Funk, and the visitors' favor was won by Mrs. Joseph Lou McKee. Among the out-of-town friends present were Mrs. Frances Totterdale and Mrs. J. L. McKee of Pueblo, Col.

## Interesting Meeting.

The W. F. M. S. of the First Methodist church met yesterday afternoon at the home of Mrs. Truman Lloyd, with Mrs. John Herron, Mrs. J. P. Price and Mrs. G. A. VanSteenberg assisting hostesses. In the absence of the president, Mrs. O. C. Hanna, Mrs. Milton Rittenour presided. Devotions were led by Mrs. Guy Haller, and the program followed. Mrs. M. D. Kemp gave a report of the district meeting held last week at Worth. One fact brought out in the paper given at the convention by Mrs. Ray Taylor of Tarkio was that if each member of the W. F. M. S. would give 10 cents more, each member of the young people's societies 5 cents, and each of the children's societies a penny extra this year a total of \$2,359.34 would be paid into the general treasury and would do a vast amount of good. Another interesting feature was brought out in the mystery box. That was the story of a young Chinese teacher who was receiving a salary of \$120 per year, and hearing of the American mission boards being unable to keep out of debt and maintain their work on account of the war in Europe, sending \$10 from China to help a little. Two new members were received. They were Mrs. J. E. Oneal and Mrs. Guy Haller. Mrs. W. B. Christy and Mrs. O. C. Hanna were appointed to meet with the newly organized auxiliary at Barnard in their next meeting on June 10. Among the visitors present were Gertrude Garrett and Helen Kemp of the King's Herald band, Mrs. Ida Armstrong, Mrs. S. J. DeArmond, Mrs. Grant Trusty and Mrs. Eldon Lloyd and children.

## Final Club Meeting.

The closing meeting of the Twentieth Century club prior to the summer's adjournment was held yesterday afternoon at the Elks club. The important work of the afternoon was the hearing of the yearly reports from the

## "My Auto, 'Tis of Thee."

My auto, 'tis of thee, short cut to poverty—of thee I chant. I blew a pile of dough on you two years ago, and now you quite refuse to go, or won't or can't. Through town and countryside, you were my joy and pride; a happy day. I loved thy gaudy hue, thy nice white tires so new, but now you're down and out for true, in every way. To thee, old rattle box, came many bumps and knocks for thee I grieve. Badly thy top is torn, frayed are thy seats and worn; the whooping cough effects thy horn. I do believe, Thy perfume swells the breeze while folks choke and wheeze as we pass by. I paid for thee a price 'twould buy a mansion twice, now everybody's yelling "ice"—I wonder why? Thy motor has the gripe, thy spark plug has the pip and woe is thine. I too have suffered chills, ague and kindred ills, endeavoring to pay my bills since thou wert mine. Gone is my bank roll now. No more 'twould choke the cow, as once before. Yet if I had the mon, so help me John—amen, I'd buy myself a car again, and speed some more.—Ex.

## Letter to Dr. F. M. Martin, Maryville, Mo.

Dear Sir: Three gallons saved is \$12 to \$15 earned.

Mr. Hanford Platt of Bridgeport, Conn., ordered 15 gallons Devco to paint his house, and returned 3 gallons. His painter said it would take 15; a lead-and-oil painter.

Hubbell & Wade Co. sold it. They say everybody has the same experience there.

The reason is, of course: they are used to poor paint.

What is poor paint? Anything not Devco: some worse than others.

Bonies, paints were about as they cover. Double the \$12 to \$15.

## VON BERNSTORFF TO SEND AGENT

Will Make Plain to Berlin Feeling of United States.

SAFE CONDUCT IS ARRANGED.

President Wilson Drafts Brief and Pointed Reply to Kaiser, Insisting on "Yes" or "No"—Will Be Submitted to Cabinet.

## WAR SUMMARY

Przemysl has been retaken by Austria. Official announcement was made at Vienna that the great Galician fortress, won by the Russians ten weeks ago, after a long struggle, had been recaptured.

The new British minister of munitions, David Lloyd George, has begun his campaign for a vastly greater supply of war material for the British, French and Belgian soldiers in the western war zone. He attributed the German triumph over the Russians to the superior equipment of the German soldiers and the overwhelming superiority of shot and shell and all things necessary for carrying on a successful campaign.

Official announcement was made in London that a British submarine had torpedoed a large German transport in the Sea of Marmora.

Two Italian torpedo boats are said to have sunk two merchant vessels and damaged an Austrian cruiser in the Gulf of Trieste.

Washington, June 4.—President Wilson drafted a note, brief and pointed, to be sent to Germany asking a definite question—whether the imperial German government intends to be guided in the future by humane principles embodied in international law for the conduct of maritime warfare. It will be submitted to the cabinet today and dispatched soon thereafter.

Coincidentally there will start for Berlin a personal emissary of Count von Bernstorff, the German ambassador, to lay before Emperor William and high officials of the German government the substance of what the ambassador learned from President Wilson in his talks the true state of public opinion in the United States toward the German government and the American point of view of submarine warfare. The ambassador in his interview with the president, it became known, said he would send within a day or two a man of judgment and breadth personally to outline the situation to the German government. The president made arrangement at Count von Bernstorff's request for the safe conduct of the envoy. His name is not known generally, but foreign governments already have given assurances to the United States that he will not be molested.

## Handicap of Censorship.

The ambassador is understood to have explained that he has had difficulty on account of cable censors in making his government realize the feeling in the United States and that erroneous reports had reached Germany. President Wilson's emphasis on the fact that the United States would omit no word or act to secure an acquiescence in its position in Lusitania case was described by the ambassador in a memorandum which he has transmitted to his government.

Count von Bernstorff saw Secretary Bryan for a few minutes and is understood to have given him this memorandum to be delivered through Ambassador Gerard to the German foreign office. At the state department the ambassador also learned that arrangements had been made for the safe conduct of his spokesman.

The dispatch of the ambassador's representative will not affect the sending of the American government's rejoinder to the last German note, though it may delay Germany's reply.

## M'ADOO DENIES REPORTS

Says Daughter Did Not Quit Nursing to Avoid Scrubbing Floors.

Washington, June 4.—Secretary of the Treasury McAdoo became incensed at cable reports from Europe that his daughter, Miss Nona McAdoo, has given up her work as a nurse in the American ambulance hospital at Paris because of her dislike for scrubbing floors.

According to dispatches, Miss McAdoo was given little nursing, but a great deal of scrubbing. Accompanied by Miss Katherine Britton of Washington, she went over to nurse. "This untrue statement," said Mr. McAdoo, "does these young ladies a cruel injustice. My daughter gives up her work and returns to America with great reluctance and only because I feel that she is not equal to the mental and physical strain which nursing entails."

## Urged Not to Wear Feathers.

Portland, Ore., June 4.—Mrs. John Dickinson Sherman of Chicago, speaking at the closing session of the mid-annual council of the General Federation of Women's Clubs here, declared that "just as long as women of the federation wear feathers on their hats they will be open to the charge of inconsistency. Think of the inspiring effect on the women of America if the 2,000,000 women of the federation refused to wear feathers," she said.

## NEWS OF SOCIETY AND WOMEN'S CLUBS

(Continued from page 3.)

various club officers, the reports of the delegates to the recent biennial meeting of the state federation, and the installation of new officers and appointment of committees. The federation meeting reports were given by Mrs. Berney Harris and Mrs. D. J. Thomas, delegates. It was decided to have the state board to meet with the club women in the district convention to be held in this city in October. Other plans for the convention were discussed. Two new members were received. They were Mrs. C. B. Roberts and Miss Lucie Davis. The committees appointed by the president, Mrs. M. G. Tate, were as follows:

Year book—Mrs. E. G. Orear and Mrs. D. J. Thomas.

House—Mrs. T. L. Wadley, Mrs. C. C. Hellmers and Mrs. L. C. Gann.

Membership—Mrs. R. L. McDougal, Mrs. S. G. Gillam and Mrs. Bruce Montgomery.

Flower—Mrs. Arthur Brewer, Mrs. Harry Todd and Miss Orril Helwig.

Publicity, Mrs. Berney Harris, chairman; press, Miss Kate Schenck.

A new committee was created by the president called the "courtesy committee," whose duties are implied in the name and which consists of Mrs. J. C. Allender, Mrs. G. B. Holmes and Mrs. Leslie Dean. Mrs. D. J. Thomas resigned her office as treasurer and Mrs. C. C. Hellmers was chosen to fill the vacancy. Miss Mildred Miller was appointed to fill the office of corresponding secretary made vacant by the resignation of Mrs. Charles Bellows. Miss Mary Hughes, who was elected auditor, will not be in the city next year and resigned the office. Mrs. Harry Todd was chosen for the place. The new officers installed for the coming year are Mrs. M. G. Tate, president; Mrs. S. G. Gillam, first vice president; Mrs. G. B. Holmes, second vice president; Mrs. George Robert Eaton, recording secretary; Miss Mildred Miller, corresponding secretary; Mrs. C. C. Hellmers, treasurer; Miss Kate Schenck, custodian, and Mrs. Harry Todd, auditor. All business matters pertaining to the past year's work were adjusted and the reports given in full by the retiring officers. The reassembling committee appointed by Mrs. Tate is composed of Mrs. J. E. Cameron, Mrs. Anderson Craig, Mrs. G. B. Roseberry, Miss Bertha Beal and Miss Clara Bellows, who will plan for the initial meeting next fall.

## Farewell Dinner Party.

Mr. and Mrs. J. F. Kidd of Bedison were the hosts of a dinner given last night in honor of Mr. and Mrs. Glen Breedlove, who will leave in a few days for White Cloud, Ia., to reside. ## STEEL TRUST WINS IN COURT

Government Loses Suit to Dissolve Great Corporation.

AN INJUNCTION IS REFUSED.

United States District Court at Trenton Holds Foreign Trade of Company Not in Violation of Sherman Law—Price Fixing Ruled Illegal.

Trenton, N. J., June 4.—The decision in the United States Steel corporation suit was filed in the United States district court.

It held that the corporation should not be dissolved. The principal points in the decision are:

It refuses to issue an injunction.

It holds the foreign trade of the steel corporation is not a violation of the Sherman law.

It holds certain price fixing agreements which followed the Gary dinners, but which stopped before the bill was filed, to have been unlawful.

It allows the government to move to retain jurisdiction of the bill if such price fixing practices are renewed, but suggests matters may now be controlled by the new trade commission.

The opinions, two in number, are largely a discussion whether the steel corporation monopolized the steel trade or dealt unfairly with competitors or purchasers.

The opinion says all the trust cases thus far determined settle down to this, that only such combinations are within the Sherman act as by reason of intent of those forming them, or the inherent nature of their contemplated act, wrong the public by unduly obstructing the course of trade. It further holds the questions of fact for the court to determine whether, when the bill was filed, the steel company was unduly restricting competition or unduly obstructing trade in the home market; whether it was restricting competition or unduly obstructing trade in the foreign market; and lastly, had the steel corporation these objects in view when it was formed in 1901? The opinion holds the proofs show, when the bill was filed, the competitors of the steel company were doing 60 per cent of the country's steel and iron business.

The text of the majority opinion says it is not the size of that which is acquired, but the trade power of that which is not acquired. In the ten years since the steel corporation was formed it has increased its business about 40 per cent. Nine great competing steel companies have increased theirs more, the lowest one 63 per cent, the highest 3,700 per cent.

## Government Will Appeal.

Washington, June 4.—News that the government had lost its dissolution suit against the United States Steel corporation for the moment almost matched the international situation in interest. The suit is regarded as probably the most important anti-trust suit ever brought by the department of justice. Undoubtedly it will be appealed to the supreme court, because the government would be unwilling to leave such questions as were raised unsettled, except by the highest court in the land.

## RIOTING IN TOKYO

Violent Disturbances at Mass Meeting Result in Many Arrests.

Tokyo, June 4.—The holding of an anti-government mass meeting in Tokyo resulted in violent disturbances. The situation outside the building where the meeting was being held was the most serious. Many arrests were made and the manifestos issued by the organizers of the meeting were confiscated. Reinforcements of police were sent everywhere in the city.

The resolution introduced in the house of representatives by the opposition, expressing lack of confidence in the present administration, was rejected by a vote of 133 to 232. Extreme disorder marked the session.

## DERNBURG WILL RUN VIKING PRESS BUREAU

To Start Pro German Propaganda In Scandinavian Newspapers.

London, June 4.—According to a Berlin telegram, Dr. Dornburg, on his return to Europe from the United States, will be given charge of the press bureau organization for the Scandinavian countries, with headquarters at Copenhagen. A pro-German campaign in the Scandinavian press, the dispatch adds, will then be started with renewed energy.

The announcement made at Washington that the British government, in conjunction with the French and Russian governments, has assured the state department it would give safe conduct to Bernhard Dornburg, former colonial secretary of Germany, when he leaves the United States, was confirmed here, with the additional statement that this arrangement had been made at Dr. Dornburg's wish. The intermediary through whom the request was made has not been disclosed.

## ATTEMPTS POISON BY MAIL

Thirteen Prominent Men Receive Deadly Potion in Postal Packages.

Spencer, Ind., June 4.—Owen county was nerve racked as it continued its search for the poisoner who is trying to do wholesale murder and who is using the United States mails as his medium of destruction. Thirteen prominent men, including a county official, six physicians and six men of wealth, have received through the mails samples of quinine containing enough strychnine to kill.

Charles P. Surber, county recorder, first received the poison. Distrusting the package, he had it tested. Before elected recorder he was warned that even though elected he might never hold office.

Some believe the motive behind the poisoner is political, others think he is a maniac.

## \$45,000 to Union Academy.

Anna, Ill., June 4.—The bequest of Mr. and Mrs. Hugh Lauder of Carbondale, Ill., to Union academy of their 640-acre farm, valued at \$30,000, on condition that \$10,000 additional be raised, has been assured by the announcement of academy officials that \$15,000 has been subscribed.

## PETROGRAD ADMITS LOSS OF PRZEMYSL

London, June 4.—The retaking of Przemysl by the Austro-German forces, which is admitted in an official communication at Petrograd, which is the result of a full month's desperate fighting over many miles of difficult country, is considered on all sides as one of the great achievements of the war. If full credence is to be placed in the official statements issued of the campaign in the Galician region from day to day, the casualty list, including killed, wounded and prisoners, must run into the hundreds of thousands. Some of the biggest of the Austrian and German guns were utilized in the reduction of the fortress.

They have yet to drive the Russians farther back and establish themselves in easily defended positions which will enable them to detach forces for operations against Italy and the allies in the west.
